

SAMARA

PRIVATE GAME RESERVE

The AardvARK

Samara's exciting new Childrens' programme centres on the new AardvARK reed enclosure, where children of all ages can cavort amongst giant and miniature wrought-iron cut-outs of animals found on the reserve – giraffe legs more than two metres high and a life-size family of motionless meerkats amongst them. There's a wagon on which to clamber, a sandpit to excavate and weird and wonderful trees and bushes.

The Programme caters to children of all ages, allowing parents to take game drives without interruption from tired small people who will be whisked away into a bush wonderland and indulged in a myriad of thrills.

The list includes:

Spoor identification
Tracking
Poo throwing
Tree houses
Camp lore – making a basic tent,
fire, meal
Scouting stuff!
